Record Video Record Sound Cip Here is my writing from this week. I am proud of being able to use my capital letter and full stop	
Take a Snapshot	

If you select "browse my files" it will take you to your "my work" file.

If you select "upload" you can choose a new file to upload.

Select "choose file"

Find the file you want on your compter and click "open" then "upload".

Click "ok" and this will add to your forum reply.

Choose "save  $r \sim v$ " at the top and this will be added to your class forum.
