Dallam Community Primary School

Anti-Bullying Policy

Date of Policy:	February 2024
Staff Author:	Mrs Amanda Downey
Review Date:	Spring 2025

At Dallam all staff members are responsible for preventing and tackling bullying. If you are worried about bullying you can contact the following key members of staff who are responsible for this policy:

- **Amanda Downey: Head Teacher**
- **Vikki Horner: Deputy Head Teacher**

This policy has been written in line with DfE guidance "*Preventing and Tackling Bullying. Advice for headteachers, staff and governing bodies*", March 2014

<https://www.gov.uk/government/publications/preventing-and-tackling-bullying>

1. The Aim of this Policy

This policy outlines what Dallam Primary School will do to combat and challenge bullying behaviour in all its forms. The policy has been drawn up through the involvement of the whole school community, including School Council. We are committed to developing an anti-bullying culture whereby no bullying, including between adults or adults and children and young people will be tolerated.

We aim for all staff employed at the school to recognise and respond to bullying behaviour whenever encountered.

2. Our school community:

- Discusses monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports all staff to promote positive relationships to prevent bullying and will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Recognises that some members of our community may be more vulnerable to bullying and its impact than others; this may include children with SEND. Being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Ensures that pupils are aware that all bullying concerns will be dealt with sensitively and effectively; that pupils feel safe to learn; and that pupils abide by the anti-bullying policy.
- Understands the importance of challenging inappropriate behaviours between peers.
- Reports back to parents/carers regarding their concerns on bullying and deals promptly with complaints. Parents/ carers in turn work with the school to uphold the anti-bullying policy.
- Seeks to learn from good anti-bullying practice elsewhere and utilises support from the Local Authority and other relevant organisations when appropriate
- Recognises the potential impact of bullying on the wider family of those affected so will work in partnership with parents/carers regarding all reported bullying concerns and will seek to keep them informed at all stages.

3. Definition of bullying

Bullying is “Behaviour by an individual or a group, usually repeated over time that intentionally hurts another individual either physically or emotionally”. (DfE “Preventing and Tackling Bullying”, March 2014)

- It is ongoing and repeated (not the same as a conflict between two equals or a random, unprovoked, aggressive act)
- It is deliberate and targeted
- It is unequal – it involves a power imbalance it may be physical, psychological (knowing what upsets someone) derived from an intellectual imbalance, or by having access to the support of a group or the capacity to socially isolate.

Dallam Primary School recognise that bullying can be emotionally abusive and can cause severe and adverse effects on children's emotional development.

Bullying is recognised by Dallam Primary School as being a form of child on child abuse; children can abuse other children.

- Abuse is abuse and it should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.
- We recognise that even if there are no reports of bullying, it does not mean it is not happening and it may be the case that it is just not being reported.
- All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.

Bullying can include:

Type of bullying	Definition
Emotional	Excluding, tormenting, ridicule, humiliation and taking, hiding or damaging other people's property.
Physical	Hitting, kicking, pushing, taking another's belongings, any use of violence or threats
Discriminatory/racial	Racial/homophobic/sexist taunts, graffiti, gestures
Sexual	Explicit sexual remarks, display of sexual material, sexual gestures, unwanted physical attention, comments about sexual reputation or performance, inappropriate touching, sharing explicit images
Direct or indirect verbal	Name-calling, sarcasm, spreading rumours, persistent teasing
Cyber-bullying	Bullying that takes place online, such as through social networking sites, messaging apps or gaming sites, sharing unwanted images

This includes the same inappropriate and harmful behaviours expressed via digital devices (cyberbullying) such as the sending of inappropriate messages by phone, text, Instant Messenger, through websites and social media sites and apps, and sending offensive or degrading images by mobile phone or via the internet.

When responding to cyberbullying concerns, the school will:

- Act as soon as an incident has been reported or identified.
- Provide appropriate support for the person who has been cyberbullied, and work with the person who has carried out the bullying to ensure that it does not happen again.
- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Take all available steps where possible to identify the person responsible. This may include:
 - looking at use of the school systems
 - identifying and interviewing possible witnesses
 - Contacting the service provider and the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
 - Support reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
 - Confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the school searching and confiscation policy. (We will access the DfE 'Searching, screening and confiscation at school' and Childnet cyberbullying guidance to ensure that the school's powers are used proportionately and lawfully).
 - Requesting the deletion of locally-held content and content posted online if they contravene school behavioural policies.
- Where an individual can be identified, the school will ensure that appropriate sanctions are implemented to change the attitude and behaviour of the bully, as well as ensuring access to any additional help or support they may need.
- Inform the police if a criminal offence has been committed.
- Provide information to staff and pupils regarding steps they can take to protect themselves online. This may include:
 - advising those targeted not to retaliate or reply.
 - providing advice on blocking or removing people from contact lists.
 - helping those involved to consider and manage any private information they may have in the public domain.

Bullying is harmful for all involved: not just the person being bullied but also for those that stand by. It can lead to a lack of self-esteem, depression, anxiety and physical harm.

In gaining an understanding of bullying staff attention is drawn to the following information:

Bullying behaviour is often very subtle and when a group of pupils have established a bullying relationship with another pupil or group of pupils, they may only have to look threateningly to reinforce their fearfulness.

Research, shows that name-calling, being physically hit and being threatened are the most frequent direct forms of bullying. Being isolated or deliberately left out of friendship groups is the most common form of indirect bullying.

National surveys indicate that most bullying occurs in and around school, the playground being the most common location. In primary schools, three-quarters of all pupils who are bullied are bullied during break or lunchtimes. The small group of persistently bullied pupils report that they are not only bullied in school but also on their way to and from school.

Children with special educational needs are much more likely to be bullied than are other pupils. This is especially so for pupils with moderate or mild learning difficulties.

It is acknowledged that everybody has the potential to be involved in bullying behaviour, either on the giving or receiving end.

4. The Effects of Bullying

Staff should carefully monitor the symptoms of bullying outlined below. If they think behaviour is related in any way to bullying discuss the issue with a member of the Senior Management Team. Staff must be aware that if bullying is left unchallenged, other pupils can learn that bullying is a quick and effective way of getting what they want. Bullying can pervade the relationships of children and become accepted as normal; this must not be allowed to happen at Dallam Primary School.

Bullying can affect pupils in a number of ways:

When pupils are bullied their lives are made miserable. They may suffer injury, they may be unhappy about coming to school. Over time they may lose self-confidence and self-esteem, they may blame themselves for inviting bullying behaviour. Bullying can affect the pupil's concentration and learning. Some pupils experience stress-related illness; stomach aches, headaches, nightmares or anxiety attacks.

5. Action to Prevent and Deal with Incidents of Bullying

We hope to prevent incidents of bullying by educating children about the issues surrounding bullying. We aim to do this through the PHSE curriculum (we use the JIGSAW approach to PHSE www.jigsawpshe.com), anti-bullying assemblies, National anti bullying theme week (use of Anti-bullying Alliance resources to raise the profile with parents), bullying surveys, whole school script to deter the use of homophobic language, a child friendly version of the anti-bullying policy.

Staff should always listen to children and act upon any statements or complaints they make

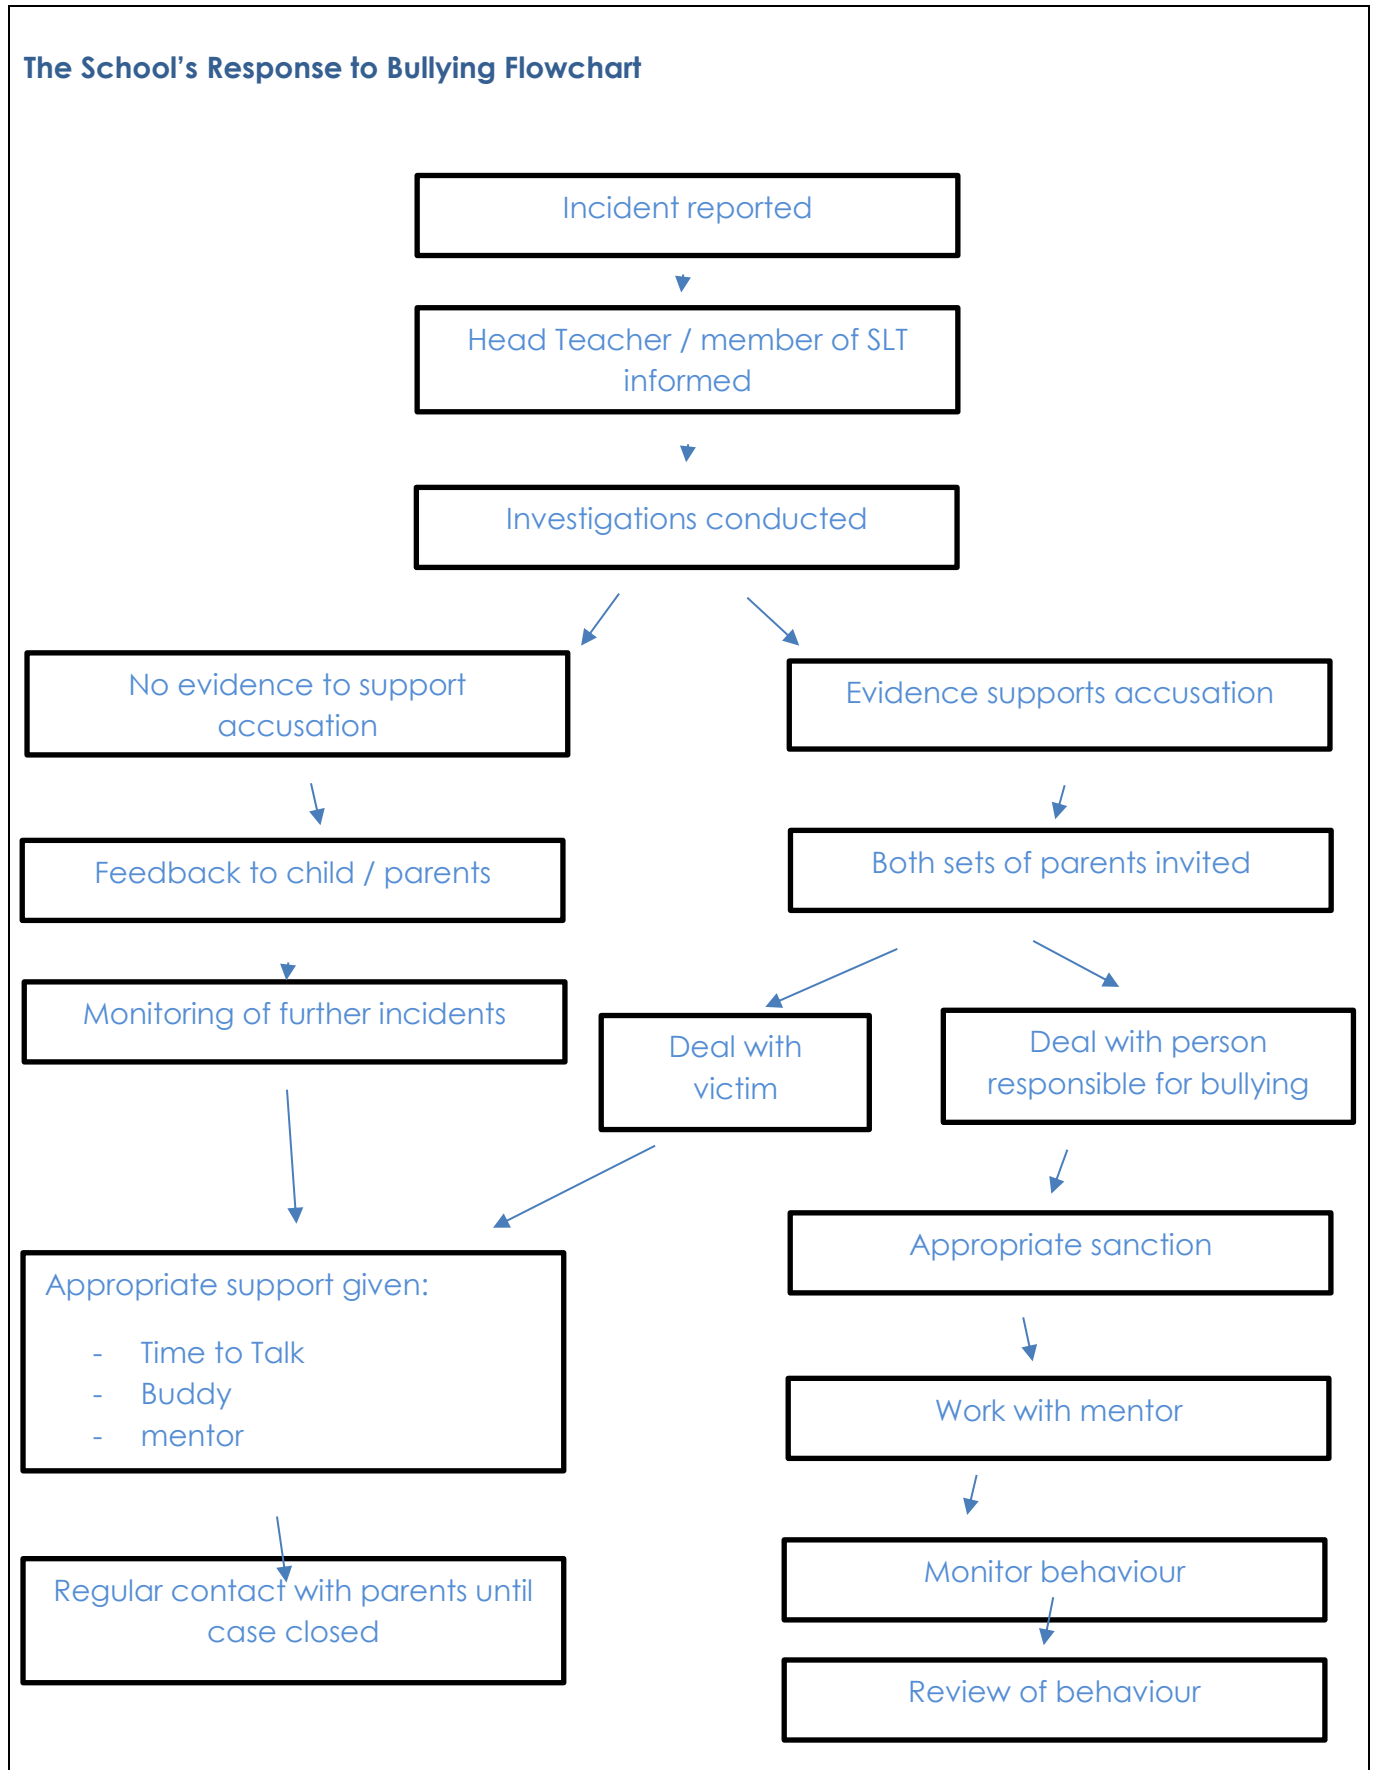

We encourage children to report incidents either to their teachers or other support staff: including through the use of problem shared bags that are available in every classroom. Every reported incident will be treated seriously and investigated accordingly. We also encourage the children to tell their parents who in turn can tell us about it.

6. The School's Response to Bullying

It is assumed that parents, who choose to send their child to Dallam Primary School, will support and co-operate fully with staff in maintaining high standards of work and behaviour. We actively discourage parents from dealing with reported incidents of bullying themselves.

The alleged incident should be reported either to the child's class, who will pass it on to Senior Leaders for investigation, or reported directly to our Senior Leaders. Action will be taken as a result

of the investigation and open cases are monitored carefully until we feel that the incident has been resolved. CPOMS will be used to ensure that all relevant staff are made aware of actual / potential cases so that they can be vigilant. Parents will be kept informed at all stages of the process (see flowchart below). All incidents of bullying will be recorded using the school format and a log kept up to date.

7. Supporting Pupils

Pupils who have been bullied will be supported by:

- Reassuring the pupil and providing immediate pastoral support.
- Offering an immediate opportunity to discuss the experience with their teacher, the DSL, or a member of staff of their choice.
- Being advised to keep a record of the bullying as evidence and discuss how to respond to any further concerns.
- Working towards restoring self-esteem and confidence.
- Providing ongoing support. This may include working and speaking with staff, offering formal counselling, engaging with parents and carers.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this could include support through Early Help or Integrated Children Services or support through the Children and Young People's Mental Health Service (CYPMHS).

Pupils who have perpetrated bullying will be helped by:

- Discussing what happened, establishing the concern and the need to change.
- Informing parents/carers to help change the attitude and behaviour of the child. o Providing appropriate education and support regarding their behaviour or actions.
- If online, requesting that content be removed and reporting accounts/content to service provider.
- Sanctioning, in line with school behaviour/discipline policy. This may include:
 - official warnings
 - detentions/internal exclusions
 - removal of privileges (including online access when encountering cyberbullying concerns)
 - in extreme or repeated cases, fixed-term or permanent exclusions.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this may include involvement from the Police or referrals to Integrated Children Services or Early Help or support through the Children and Young People's Mental Health Service (CYPMHS).

Supporting Adults

- Our school takes measures to prevent and tackle bullying among pupils; however, it is equally important to recognise that bullying of adults, including staff and parents, whether by pupils, parents or other staff members, is unacceptable.
- Adults who have been bullied or affected will be supported by:
 - Offering an immediate opportunity to discuss the concern with the designated safeguarding lead, a senior member of staff and/or the headteacher.
 - Advising them to keep a record of the bullying as evidence and discuss how to respond to future concerns.
 - Where the bullying takes place off school site or outside of normal school hours (including online), the school will still investigate the concern and ensure that appropriate action is taken in accordance with the schools' behaviour and discipline policy.

- Reporting offensive or upsetting content and/or accounts to the service provider, where the bullying has occurred online.
 - Reassuring and offering appropriate support.
 - Working with the wider community and local/national organisations to provide further or specialist advice and guidance.
- Adults who have perpetrated the bullying will be helped by:
 - Discussing what happened with a senior member of staff and/or the headteacher to establish the concern.
 - Establishing whether a legitimate grievance or concern has been raised and signposting to the school's official complaints procedures.
 - If online, requesting that content be removed.
 - Instigating disciplinary, civil or legal action as appropriate or required.
