At Dallam, we believe that education is a partnership between school, home, and the wider community. We are proud of our strong relationships with families and the collaborative spirit that underpins everything we do.

Our dedicated staff work tirelessly to create a safe, stimulating, and supportive environment where children feel confident to explore, question, and grow.

We are committed to celebrating diversity, encouraging creativity, and promoting a lifelong love of learning.

Through engaging learning experiences in our modern classrooms, extensive school grounds and educational visits and wide range of extra-curricular activities, we aim to develop not only academic skills

but also the personal qualities that help children become kind, resilient, and responsible citizens.

Our school values are woven into daily life and guide our approach to teaching and learning and our unwavering commitment to helping our children to develop independence, confidence and curiosity ensures that they leave us ready to take on the challenges of the next stage of their education.

We celebrate each child's unique strengths and support them to ensure that every pupil feels seen, heard, and empowered. At Dallam Primary, children thrive – personally, socially and academically.

Building the Foundations of Success

At Dallam Community Primary School, we are incredibly proud of the exceptional progress that our children make during the time they are with us.

Teachers, children and families work together to give our children firm foundations to build on.

Our highly trained, nurturing Early Years team focus on the vital skills that children need to build on for future success.

Their learning environments are spacious, modern, well equipped and specially designed to promote the physical, communication and social skills that are needed for success in Key Stage 1.

The children enjoy learning both inside and outside through play and the skilful intervention of adults. As children progress through the school, they build their knowledge and understanding through a well-designed ambitious curriculum that seeks to keep learning practical and fun.

Our focus on building self-esteem, confidence and independence ensures that children achieve their potential and are ready to seize the opportunities presented to them at high school.

Our commitment to high quality transition prepares children for this move – we continue to support children into Year 7 and beyond through our strong links with the TCAT secondary schools that our children attend.

A Nursery Where Children Feel Happy And Safe

Our nursery provides a safe, caring, and fun environment where young children can learn and grow. It is filled with exciting activities that encourage children to explore, play, and enjoy learning.

Our friendly and experienced staff make sure every child feels happy, supported, and ready to take their first steps in education.

We understand how important the early years are. That's why we focus on helping children build confidence, make friends, and develop a love of learning. We work closely with families to understand each child's needs and interests.

Whether it's through play, stories, or time outside in nature, every day at Dallam's Nursery is an adventure, full of opportunities to discover and grow.

We welcome children from 2 years old.
