

Willow Class - Summer 2026

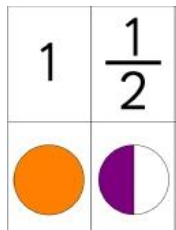

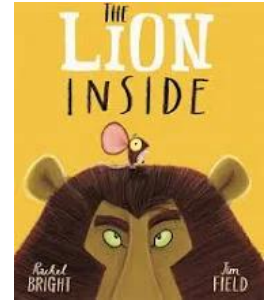

Welcome back everyone.
We hope you enjoyed the Easter break.

Our learning this term:

English - The Lion Inside

Journey Story

We will be exploring the story that focusses on a shy mouse who learns to find his voice and confidence by emulating a bold lion. The children will participate in activities based on sentence structure, using connectives and plurals.

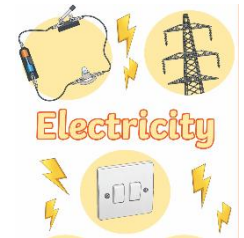

Maths - Fractions

We will learn that a fraction is part of a whole. The whole can be a shape, a length, a number or a set of objects. Fractions are always divided into equal parts. We will find halves and quarters. We will look at the equivalence between a half and two quarters.

Science - Electricity

We will look at where electricity comes from and what it is used for. We will explore using a simple, series electrical circuit to light a bulb. From this, we will investigate how switches work.

History -

"Who was victorious in the struggle for the Kingdom of England?"

The children will learn about the Battle of Edington and the Battle of Hastings. They will gain an overview of the Kings from the 800s to 1066.

Geography -

"What are the key features of rivers?"

The children will learn about the key features of rivers and complete a field work study within the school grounds to answer our learning question - Does Dallam Primary have enough areas to promote wildlife?

Other curriculum areas:

RE	Hinduism – What do Hindu's believe about God? Judaism – Why might some people put their trust in God?
